

PRE-MONSOON PREPAREDNESS NOTICE NOTICE

NOTICE

No.: MCD/PM/Drain/2026/01

Date: 15 May 2026

Subject: Pre-Monsoon Drainage Desilting, Inspection, and Preparedness Measures

In anticipation of the forthcoming monsoon season and in order to prevent incidents of water-logging, flooding of roads, and disruption of civic services, it has been decided to undertake **comprehensive pre-monsoon preparedness activities** across all wards and zones.

The following actions shall be ensured by the concerned departments:

- Complete mechanical and manual **desilting of all storm-water drains**, including trunk drains and lateral connections
- **Physical inspection and structural assessment** of drains, culverts, and outfalls
- Identification and rectification of **encroachments, illegal covers, or obstructions** over drainage lines
- Operational readiness check of **pumping stations, generators, and backup power systems**
- Mapping and verification of **historically water-logged locations**, underpasses, and low-lying areas
- Deployment readiness of **emergency response teams, machinery, and material**

Zonal officers shall maintain records of completed works and submit weekly compliance reports.
