

# REAL-TIME WATER-LOGGING EMERGENCY NOTICE

No.: MCD/Emergency/Waterlog/2026/04

Date: 22 July 2026

## **Subject: Activation of Emergency Response Due to Severe Water-Logging**

In view of heavy rainfall and consequent water-logging reported in various localities, **emergency response mechanisms** have been activated with immediate effect.

The following measures are being implemented:

- Deployment of **mobile pumping units and emergency machinery**
- Continuous monitoring of **water levels at critical points**
- Coordination with **Traffic Police for diversions and road closures**, as required
- Standby deployment of **engineering, sanitation, and health staff**

The general public is advised to:

- Avoid travel through water-logged and low-lying areas
- Follow traffic advisories issued from time to time
- Report emergencies through designated helplines

This notice shall remain in force until further orders.

**Issued in public interest by:**

A handwritten signature in black ink, appearing to read "Jagdish Vadhwe".

**Commissioner Jagdish Vadhwe**
